

LIMITED 5-YEAR WARRANTY

This is the only express warranty for this product. Hudson Home Group, LLC., warrants this product to be free from defects in material and workmanship for single-family household use for five years from the date of original purchase. Ordinary wear and tear including damage to the coating and cooking surface is excluded. Use of product for anything other than its intended purpose is also not warrantied. We exclude liability for all consequential damages. Your exclusive remedy is repair or replacement of the nonconforming product, at our option. All liability is limited to purchase price. **All other warranties, including any statutory warranty or condition of merchantability or fitness for a particular purpose, are disclaimed.** You may have legal rights that vary depending on where you live. For repair or replacement, please call with information on your product's proof of purchase and description of the problem.

CARE & USE

3PC WOK SET

3PC WOK SET

Dear Consumer,
Congratulations on the purchase of your new high quality, easy to use, all-natural titanium infused ceramic coated wok set. With the proper use and care, this cookware should last you many years.
Please take a moment to read the Care and Use instructions that follow. Should you have any questions or concerns, please feel free to contact our Consumer Care Department, reachable at ToddEnglish@hhgllc.com

Pre Use:

- Wash cookware in warm soapy water with a soft cloth.

When it's time to cook:

- Do not preheat on high setting. This wok's surface and coating heats up very quickly and its aluminum base provides for quick and even heat conduction.
- Do not allow pan to boil dry.
- For induction ready cookware only: When cooking with an induction cooktop, please select the induction element with a diameter that matches the diameter of the bottom of the pan.

- For more effective cooking results, season the pan with cooking/vegetable oil before use.
- The wok and steamer insert is oven safe up to 450°F degrees (without lid), 400 F degrees with lid.
- Use steamer with 12" wok.

Cleaning:

- Make sure to clean your pan diligently after use. Food particles that remain on the pan's surface can congeal and become harder to remove after continued use.
- After cooking, please allow pan to cool slightly before placing under water. Immediate washing can corrode the pan's nonstick surface/quality.
- If your cookware has a polished or metallic exterior, it is recommended that you clean it with a soft, nonabrasive cloth or sponge in order to prevent scratches on the exterior.
- While this wok set is dishwasher safe, hand washing is recommended. If you do choose to place your cookware in the dishwasher, make sure to use an alkaline-based detergent.

General Care:

- Do not use any abrasive substance or chemical/mineral cleaners on your cookware.
- Avoid using harsh and rough materials on your cookware (for both general use and cleaning)
- Make sure the pan and steam are clean and dry before storing.

With proper use and care, your new wok set should give you many great cooking experiences.

Sincerely,

A handwritten signature in black ink, appearing to read 'Todd English'.
