Drug Facts

Active ingredient	Purpose
Benzalkonium Chloride 0.13%	Antimicrobial and First aid antiseptic

Uses: • For hand sanitizing to decrease bacteria on the skin. Recommended for repeated use. • For wound sanitizing to help prevent bacterial contamination in cuts, scrapes, burns, lacerations and skin infections.

Warnings:

For external use only.

When using this product avoid contact with eyes. In case of eye contact, flush eyes with water.

Discontinue use if irritation or redness develops. If condition persists for more than 72 hours consult a doctor.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions: • Spray onto hands as needed. Rub briskly together until dry. No rinsing required. • Spray onto wounds 3 times a day after cleaning. Allow foam to dissipate. Wipe excess with sterile gauze. May be bandaged once dry.

Inactive ingredients ionized water, carbamide
