EXPANDABLE GARDEN HOSE WITH BRASS CONNECTORS

50 FT

User Guide

**ANATOMIC
ELEMENTS**

Please read the following instruction carefully prior to use.

CAUTION

- This product is not intended for watering applications that use hot water.
- Do not drink from the hose. The article is a tool that is used and stored outdoors and can be exposed to conditions that can be harmful to humans such as: Mold, bacteria, lawn and garden chemicals, animal waste, insects, stagnant water and other harmful substances.
- Do not stretch or expand this hose when it is empty. This product is intended to expand only when the water is turned on.
- This hose can stretch to up to three times its “relaxed” or original length and if it is stretched with no water in it and accidentally released, it will quickly snap back and could cause personal injury.
- Do not leave the water turned on with the hose under pressure when not in use.
- Store the product away from the sun.
- Protect the product from extreme temperature exposure by storing it indoors. Be sure to drain the hose completely before storing, as water remaining in the hose can freeze, damaging the hose.

PRODUCT SPECIFICATIONS

- Size of product itself: 50FT
- Net weight of product itself: 1.1KG
- Single package size: 21.6x9.5x21.6cm
- Net weight of product including package: 1.25KG
- Materials: Latex, Polyester, Brass

INCLUDED IN PACKAGING

- 1x Expandable Garden Hose
- 2x Extra Plastic Rings
- 1x User Manual

The packaging can be recycled. Please dispose of it in an environmentally friendly manner and take it to a recycling center.

HOW TO USE

1. Prior to use, ensure to firmly affix the rubber inside the female end of the hose (which is already installed) in order to prevent leaking.
2. Attach the female end of the expandable hose to the water source/spigot.
3. Turn the ON / OFF valve OFF.
4. Turn the water on at the source/spigot. Gradually increase the water pressure. The hose will automatically expand up to 3 times its original length.
5. When the hose is fully expanded, turn the ON / OFF valve to the ON position and use the hose like any ordinary garden hose.
Note: When used without a spray nozzle, the hose will contract several feet or more when the water is turned ON.
6. After use, turn the water off at the water source/spigot.
7. Open the ON / OFF valve and allow the water in the hose to drain. If you are using a nozzle, then open the nozzle. As the water begins to drain from the hose, the hose will automatically contract back.

LIMITED LIFETIME WARRANTY

Your Anatomic Elements product is backed by a limited lifetime manufacturer’s warranty. Anatomic Elements will repair or replace your device at any time should it fail due to a defect in material or workmanship, subject to the certain limitations.

This limited warranty does not cover any damage that results from unauthorized or improper use, service, or repair. Further, it does not cover damage caused by accident, impact, negligence, or normal wear and tear. Should you discover your Anatomic Elements product is not functioning properly, please send your device to our repair center for evaluation. If your product cannot be repaired or serviced, we will reserve the right to change it for a similar or newer model.

Please note that a flat rate of \$11.00 will be charged to cover a service evaluation fee and return shipping of your device. All warranty claims must be accompanied by a copy of your proof of purchase from an authorized retailer. Please send your device, proof of purchase, and a check or money order in the amount of \$11.00 made out to Anatomic Elements to:
