# **PORTABLE SECURITY DOOR LOCK**

---

**USER MANUAL**

PLEASE READ THIS MANUAL CAREFULLY PRIOR TO USING THIS PRODUCT  
AND KEEP FOR FUTURE REFERENCE.

---

## SUGGESTED USES

---

Ideal for additional security and privacy in: All household doors, Hotels, Motels, Hostels, Apartments, University Dorms, Rented Rooms, Shared Accommodations.

Fits most hinged, inwards swinging doors.

---

## HOW TO USE

---

**Note:** Before installation, insert the back of the steel nickel-plated handle between the door and the frame. If the handle slides easily into place, the lock can then be installed.

Do not force the door shut to make the lock fit.

### STEP 1:

Open the door towards you and place the steel nickel-plated claw of the lock against the door strike plate.

### STEP 2:

Close the door so the steel nickel-plated part of the lock is locked in place.

### STEP 3:

Take the red handle and while holding it from the top, insert the moving metal rod into the triangular hole located on the body of the steel nickel-plated part. This red handle must be placed between the door handle and the steel nickel-plated part of the lock. The red handle will slide down until it locks the door.

**Note:** Once you have completed the steps above and the lock handle is wedged against the door, the lock is in place.

---

---

## HOW TO REMOVE PORTABLE SECURITY DOOR LOCK

---

To remove the lock, lift the red handle and remove the metal rod from the triangular hole. The door can now be opened which will release the lock's body from the strike plate. Store the lock in an easily accessible place for handy reuse such as a key hook, travel bag or purse.
