PORTABLE CAMPING FAN WITH LED LIGHTS

User manual

CE RoHS

PRODUCT SPECIFICATIONS

Power	6W
Electric Current	1A
Voltage	3.7V
Power Supply	3000mAh
LED	30pcs SMD
Usage Time	3-8 Hrs
Material	ABS
LED-Build	30 pcs
Product size	213*82*268mm
Single package size	223*84*274mm
Weight of product including package	660g/pc
Net weight of the product	500g/pc

PACKAGING INCLUDES

1x Portable Camping Fan with LED Lights

1x Manual

1x USB Cable

PRODUCT OVERVIEW

1. Wind grille
2. LED ring light
3. 360-degree shaft
4. Light adjustment button
5. Indicator light
6. Wind speed adjustment button
7. USB charging ports:
 - input port- smaller port, camping fan charger
 - output port- larger port, power bank charger for compatible devices

FEATURES

360° Vertical Rotation

All-surrounding airflow to keep you cool.

Built-in Led Lights

Includes 30pcs of built-in LED lights. 2 Brightness settings for the ideal light source at night.

Built-in Hook

Hook onto different items to hang (tents, branches, inside a vehicle and more).

HIGH-CAPACITY BATTERY & POWER BANK FUNCTION

The 3000mAh polymer batteries provide a working time of 7+ hours when operating at a low fan speed, and up to 3 hours when operating at a high fan speed. Connect charging cable to the camping fan's input port and then connect the AC Adapter to a power source with a 5V/2A output to charge.

The device also functions as an emergency power bank. Connect your device. (Smartphone or Tablet) to the camping fan's output port via a USB cable to begin charging your device.

NOTE: the camping fan must be charged itself in order to serve as a power bank.

HOW TO USE

On/Off/Fan

Short press the button once each time to activate the fan: First time for Low Speed, a second time for Medium Speed, a third time for High Speed, and then a fourth time for Natural Wind Stimulation Mode. The fifth press will shut the fan off.

Led Light

Short press once each time to activate the LED Lights: First time for Low Brightness, a second time for High Brightness, and then a third time to shut the light off.

Note: The LED light can be used simultaneously with the fan function or independently.

Indicator Light

- When the indicator light is blue, it indicates that the battery is full.
- When the indicator light is red, it indicates that the battery is low and that the device needs to be charged.
- When there is no light, it indicates that the device is shut off.

LIMITED LIFETIME WARRANTY

Your Anatomic Elements product is backed by a limited lifetime manufacturer's warranty. Anatomic Elements will repair or replace your device at any time should it fail due to a defect in material or workmanship, subject to the certain limitations.

This limited warranty does not cover any damage that results from unauthorized or improper use, service, or repair. Further, it does not cover damage caused by accident, impact, negligence, or normal wear and tear. Should you discover your Anatomic Elements product is not functioning properly, please send your device to our repair center for evaluation. If your product cannot be repaired or serviced, we will reserve the right to change it for a similar or newer model.

Please note that a flat rate of \$13.00 will be charged to cover a service evaluation fee and return shipping of your device. All warranty claims must be accompanied by a copy of your proof of purchase from an authorized retailer. Please send your device, proof of purchase, and a check or money order in the amount of \$13.00 made out to Anatomic Elements to:
