

FAQ FOR SANKOM PATENT BRA

Q1. What is the SANKOM Patent Bra?

A. The SANKOM Patent Bra, is one of the first Bra in the world with a Utility Patent to help a better posture and an excellent back support. It has been invented, designed and developed in Switzerland. The SANKOM Patent Bra is classified as Medical Device Class 1 and designed to support the back posture.

Q2. How does the SANKOM Patent Bra work?

A. The SANKOM Patent Bra, helps support the back and is designed with two independent structures to support each breast independently to release muscle tension by redirecting the weight of the breasts to pull the shoulders backwards and to correct the posture. The unique structure of the SANKOM Patent Posture-Correction Bra uses the natural weight of the breast to create a push-up effect. At the same time, has an anatomical structure, made from a non-elastic and elastic material which combined gives a natural and comfortable support to the breast

Q3. Does the SANKOM Patent Bra have pads?

A. The SANKOM Patent Bra, includes pads which can be taken out, depending on the preference and desire of the customer. At the same time, SANKOM offers also extra push-up pads for the customers who desire an extra volume and extra push-up.

Q4. Is the SANKOM Patent Bra visible under the clothes?

A. The SANKOM Patent Bra, is seamless, which makes it smoother and less visible under the clothes.

Q5. How is the SANKOM Patent Bra different to other bras?

A. The SANKOM Patent Bra, is one of the only bra in the world with a Utility Patent that helps support the back and corrects the posture when worn, temporarily reducing minor back aches. The SANKOM Patent Posture-Correction Bra also enhances the breasts by giving a push-up effect and promotes a cleavage meanwhile is comfortable and supportive without underwire. It is a very versatile bra since it can be used during the day, with activewear or for postpartum use (highly recommended for breastfeeding by its independent structure for each breast and without hooks and snaps). The SANKOM Patent Posture-Correction Bra, are made with polyamide which has long fibers that can be extended, and they will return at their initial shape wash after wash.

Q6. Which type of materials are used for the SANKOM Patent Bra?

A: All the SANKOM Patent Bras, are made from very high quality, breathable and soft-touch fibers, without retaining the hotness, having a quick absorption and drying of sweat.

Classic: Fabric, created from soft-touch fibers, effective hi-tech design, comfortable for a daily wear (this is a basic version of the SANKOM Patent Bra)

Q7. Can I use the SANKOM Patent Bra while I am practicing sports?

A. Yes, they can be used while practicing sports, as they provide an excellent back support.

Q8. Is the SANKOM Patent Bra suitable for all ages?

A. Yes, the SANKOM Patent Bra, is suitable for all ages. Kindly see below for an easier understanding:

Young women: Many young women, need a good support for their back as they are growing and developing and are more skeptical in wearing an orthopedic bra which doesn't have an appealing design. Wearing the SANKOM Patent Bra, they can help support their posture, get a nice push-up and wear it daily or for their sports activities as it will give them an excellent support.

Middle/older aged women: Most of the middle/older aged women, have already been moms and most of the times their breast and bodies are changing. With the time, also the strength on the muscles descends, which can result in fatigued muscles and minor aches. By wearing the SANKOM Patent Bra, they can reduce back aches and muscle tension by improving their posture and at the same time get a young beautiful cleavage with a nice push-up and no more bulges. They can wear it daily or for their sports activities as it will give them an excellent support.

Q9. The SANKOM Patent Bra is it only for people who has minor back aches?

A. SANKOM Patent Bra is designed for women who want comfort and support in mind. Its efficacy, however, has been recommended for women who has minor back aches.

Q10. Can I use the SANKOM Patent Bra if I have minor back aches?

A. The SANKOM Patent Bra, can be used for people who has minor back aches, as they provide an excellent back support. At the same time, we recommend consulting your doctor for a more detailed advice.

Q11. Can I use the SANKOM Patent Bra after a breast augmentation/reduction?

A. The SANKOM Patent Bra, can be used after breast surgery as it is wire free and has an independent structure to support each breast individually. At the same time, we recommend consulting your doctor as each surgery is different.

Q12. Can I use the SANKOM Patent Bra during pregnancy?

A. The SANKOM Patent Posture-Correction Bra, is recommended to be used during pregnancy, as it gives an amazing support to the back, due to it's unique patent and it's design, is made from two independent structures which adapts to each breast individually and reduces the weight of the breast by pulling the shoulders backwards to correct the posture. We recommend consulting your doctor before use.

Q13. Can I wear the SANKOM Patent Bra post pregnancy?

A. The SANKOM Patent Bra, is highly recommended for post pregnancy because of the independent structure of each breast for breastfeeding and at the same time it has no hooks and snaps, which makes much more comfortable and is made with anti-bacterial fabrics. We recommend consulting your doctor before use.

Q14. How should I wash the SANKOM Patent Bra?

A. For a longer longevity of the SANKOM Patent Bra, we recommend to be washed at 30° and to be air dried.

Q15. In how many sizes are available the SANKOM Patent Bra?

A. The SANKOM Patent Bra, is available in the following sizes:

SANKOM Bra Sizes: XS, S-M, M-L, L-XL, XL-XXL, XXXL

Q16. How should I put on the SANKOM Patent Bra?

A. We recommend you step into your bra like you would a one-piece bathing suit and pull up over your hips, cupping your breasts and smoothing the straps over your shoulders. It is much easier to put it on that way rather than over your head.
